"Majlis Bacaan Yasin & Doa Selamat" organized by Administration & Human Resource (HR) Department

8th March - Majlis Bacaan Yasin & Doa Selamat ceremony was held and organized by the Administration & HR Department in conjunction with the opening of HUiTM services.

The event started with an opening speech by the HUiTM Director followed by a briefing on Facility Management by the Head of Infrastructure Department, Cik Saliza Abdul Kadir.

The ceremony then continued with a briefing on the use of the Complaints System (eCAMS) by Encik Hazreeluz-zaman ICT Manager & CAMS TRIPLE Sdn Bhd. A centralized complaints system is made available for Hospital UiTM Puncak Alam to ensure an effective complaint handling system is in place.

Ustaz Muhammad Najih Irsyad Ahmad Puhad (Islamic Affairs Officer UiTM Selangor Branch Sg. Buloh & Selayang) recited Yasin at the end of the ceremony. The event was held in preparation for HUiTM Puncak Alam to receive its first patient on the 5th of April 2021.

Former Vice-Chancellor's visit to the Selayang Campus UiTM

25th February – Prof. Emeritus Datuk Ir. Dr. Mohd Azraai Kassim, the former Vice-Chancellor of UiTM, visited Selayang UiTM Campus for the first time.

Renowned for its primary care services (PCM), PPUiTM Selayang is now venturing into something exciting with the provision of dialysis services as well as the establishment of a clinical simulation centre.

PCM clinics operate from 8 am to 5 pm on Mondays to Thursdays, while on Fridays the clinics start from 8 am to 12.15 pm and recommence at 2.45 pm to 5 pm. Among the services provided by the Primary care clinics include emergency/walk-in services, follow up for non-communicable diseases, Adolescent Health, INR monitoring, smoking cessation, and Staff & Student clinics. The clinics are currently operated by 18 Family Medicine Specialists and around 20 postgraduate students in the Masters of Family Medicine Programme.

The Dialysis Unit at PPUiTM Selayang started its operation on the 8th of October 2020 with a total of 10 dialysis machines. In conjunction with the visit, Prof. Emeritus Datuk Ir. Dr. Mohd Azraai Kassim officiated the PPUiTM Selayang Haemodialysis Unit. Prof. Dato' Dr. Abu Bakar Abdul Majeed (Former Rector of UiTM Selangor), Prof. Dr. Mohd Zamrin Dimon (Dean of the Faculty of Medicine) and Prof. Dr. Sazzli Shahlan Kasim (Director of UiTM Hospital) were also present.

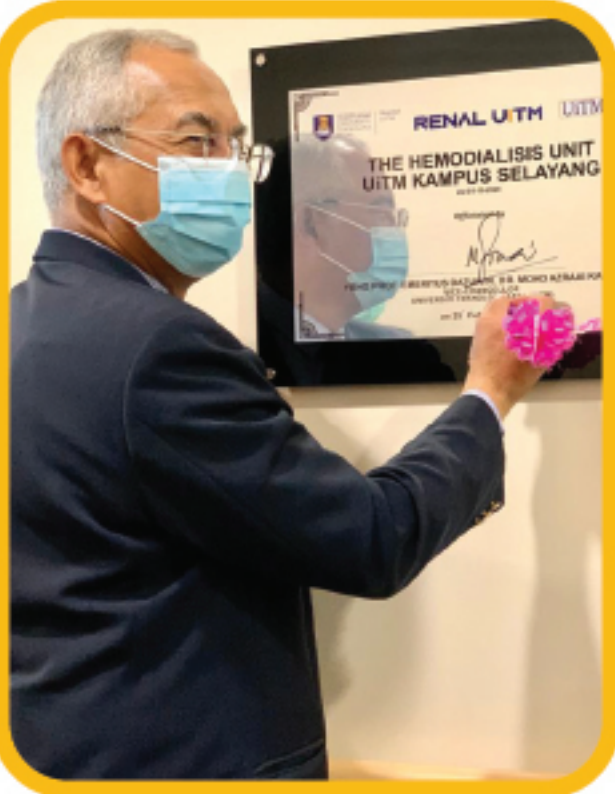

The Clinical Simulation Centre offers a simulated environment to enhance clinical skills and foster independent learning by utilising state-of-the-art technologies and manikins. The clinical modules available are Focused Skills Station (FSS), Critical Care Area, Virtual Reality (VR) lab and Ward Simulation modules. These modules do not only train our undergraduate students in preparation for clinical work but also provide advanced training for postgraduate students to enhance their clinical skills.

Overall, the visit has offered deep insight into the staff and students' experience on the campus.

The former VC having a conversation on PCM services with Deputy Director, Assoc. Prof. Dr. Ahmad Izuanuddin Ismail and Head of Family Medicine Department, Dr. Siti Fatimah Fadlishah Sham.

Prof. Dr. Thuhairah Hasrah Abdul Rahman (Deputy Dean [Research & Innovation]), Prof. Dr. Ariza Adnan (Deputy Dean [Industry, Community and Alumni Network]), Prof. Dr. Sazzli Shahlan Kasim (Director of Hospital UiTM), Assoc. Prof. Dr. Anis Siham Zainal Abidin (Head of Department, Medical Education), Prof. Emeritus Datuk Ir. Dr. Mohd Azraai Kassim (Former Vice-Chancellor of UiTM), Prof. Dr. Mohd Zamrin Dimon (Dean of the Faculty of Medicine) and Prof. Dato' Dr. Abu Bakar Abdul Majeed (Former Rector of UiTM Selangor).

Officiation of PPUiTM Selayang Haemodialysis Unit

Prof. Emeritus Datuk Ir. Dr. Mohd Azraai Kassim, the former Vice-Chancellor of UiTM officiating PPUiTM Selayang Dialysis Unit. Led by Consultant Nephrologists, Dr. Muhammad Iqbal Hafidz & Dr Nur Hidayati Mohd Sharif, the opening of the new Haemodialysis Centre in PPUiTM Selayang will complement existing renal services in PPUiTM Sungai Buloh.

PPUiTM Sungai Buloh as the Vaccine Administration Centre

PPUiTM Sungai Buloh has been identified as one of the Vaccine Administration Centres (VACs) to assist the government in implementing the National COVID-19 Immunisation Programme. Led by Dr. Rosnida Mohd Noh, the programme started on the 2nd March with a total of 1404 HUiTM frontliners receiving the Pfizer-BioNTech vaccine (Comirnaty) during the COVID-19 Vaccination programme.

An official visit by Datuk Seri Dr. Noraini Ahmad, Minister of Higher Education to the Faculty of Medicine, Sungai Buloh Campus during our first phase rollout of the COVID-19 Vaccination programme (2nd-12th March 2021).

WE ARE VACCINATED!

Hospital UiTM Puncak Alam Handover Ceremony

23rd March – This day marked the symbolic handing over of the mock key to Hospital UiTM Puncak Alam from the concession company TRIpIc Medical Sdn. Bhd. to the Ministry of Higher Education & Universiti Teknologi MARA (UiTM) in the presence of YB Datuk Seri Dr. Noraini Ahmad, Minister of Higher Education.

Also present were Datuk Seri Mazlan Yusoff (Secretary General), YB Dato' Mansor bin Haji Othman (Deputy Minister of MoHE), Tan Sri Rozali Ismail (Director of TRIpIc), Professor Emeritus Tan Sri Dato' Seri Dr. Ibrahim Shah Abu Shah (Chairman of Board of Directors, UiTM), Prof. Ts Dr. Hajah Roziah Mohd Janor (Deputy Vice-Chancellor [Academic and International], performing duties as Vice-Chancellor).

A contractual agreement between MoHE, UiTM and TRIpIc Medical Sdn Bhd was signed on the 18th of February 2016 and construction commenced on the 11th of April 2017. The project comprises of a 400-bed teaching hospital, an academic building and an accommodation hall for nurses and housemen.

Following the key handover, the MoHE delegates were invited to have a tour of the hospital. Among the places visited by the delegates were the specialist clinics, rehabilitation centre, ambulatory daycare and the daycare operating theatres.

MoHE Minister, Datuk Seri Dr. Noraini Ahmad is seen interacting with the humanoid robot that is used for therapy in children with neurological and behavioral disorder.

A hydrotherapy pool equipped with height-adjustable platform, parallel bar and internal camera is available at the Department of Rehabilitation Medicine located at Level 3.
